# Trees

Answer the questions and follow the arrows to find out what habitats you have. When you reach a rectangular box, work with your teacher to add this habitat to your map.

Find one or more trees on your site. How are the trees laid out?

In a line

Between 1 and 4 trees, in a group or spread out

Five or more trees in a group

Is the line of trees longer than 20 metres?

No →

Record each tree as one tree

Are all of the trees grown for fruit or edible nuts?

Yes ↓

The habitat is a line of trees

No

Yes ↓

The habitat is an orchard

Carry out the tree survey activity. Which of the following habitats matches your answer?

The habitat is a broadleaved woodland

The habitat is an evergreen woodland

The habitat is a mixed woodland

Ancient grazing woodland

Very large sites may have a habitat where large trees are spaced out and cows or sheep eat the grass between the trees. If you're lucky enough to have this habitat, record it as Ancient grazing woodland.
